

WHY CHOOSE CLEAR SPIDER?

1

It's easy to use. Since Clear Spider is role based, users get exactly what they need, which makes training a snap.

2

You have the ability to customize the system to make it as simple or as complex as you require - simple part numbers to tracking shelf life and batch numbers.

3

Scanning your items increase efficiency and accuracy. Information is captured and posted by Clear Spider, quickly communicating the status of your inventory.

4

Review the right reports to ensure you are maximizing your savings.

5

It is collaborative. You can have multiple parties. This includes suppliers to customers. Having everyone on the same page saves you time and money.

6

Since our system is cloud-based, you can scan items quickly and use it offline.

7

The system alerts you when you need to restock product. This makes your business practices more efficient. Pick the right algorithm to minimize your inventory spending.

8

You do not have to build or maintain the system. Clear Spider offers suggestions for hardware to purchase and then we take care of the rest.
