Designed to Improve the Way You Manage Your Inventory

Inventory Management

Clear Spider's secure cloud-based system lets you access inventory data anywhere at any time. Remove the limitations and restrictions of a locally installed system to manage inventory from the warehouse, in the office, or on the go.

Customizable Software

Clear Spider software is tailored to mirror your business. A user-friendly desktop interface gives power users the tools they need to work more efficiently today while the flexible design adapts to accommodate future growth.

Mobile Solutions

With the Clear Spider mobile app, employees can update inventory wherever they are. Boost productivity by cutting the time it takes to make adjustments, add items, create orders, view product stock locations, and more.

Zebra Offers Industry-Leading Data Capture Solutions

Don't let barcodes stand between you and success. Zebra offers an industry-leading portfolio of purpose-built scanners that are engineered for durability and ready to capture the most difficult barcodes under the toughest conditions.

General Purpose Scanners

Streamline inventory, restocking, and shipping with Zebra handheld and hands-free scanners that deliver full-shift battery power and trouble-free scanning of even the most challenging barcodes.

Ultra-Rugged Scanners

Zebra's ultra-rugged scanners are purpose-built to withstand harsh warehouse and manufacturing conditions, delivering first time, every time data capture under the harshest conditions.

Mobile Computers

Zebra mobile computers offer the ultimate in enterprise-class touch computing, with scanning capabilities that deliver first-time, every time capture of barcodes, labels, documents, and more.
